Simlog’s Mobile Crane Personal Simulator puts trainees at the controls of a typical mobile rough terrain hydraulic crane equipped with a telescoping boom with deflection, a jib, and a realistic dashboard. The virtual worksite is set in a typical construction environment with a variety of loads and hook blocks for training.

Training efficiency is delivered through a modular Instructional Design that teaches real skills for productive and safe equipment operations in the field.

**REAL TRAINING VALUE IN A PC-BASED SIMULATOR**

- Pre-screen trainees for operator aptitude
- Prepare trainees for real seat-time
- Double-check operator skills before hiring
- Upgrade skills to meet higher standards
- Promote the trade to aid recruitment

Simply install the simulation software and connect the USB simulator controls!

Simlog’s Mobile Crane Personal Simulator puts trainees at the controls of a typical mobile rough terrain hydraulic crane equipped with a telescoping boom with deflection, a jib, and a realistic dashboard. The virtual worksite is set in a typical construction environment with a variety of loads and hook blocks for training.

Training efficiency is delivered through a modular Instructional Design that teaches real skills for productive and safe equipment operations in the field.

**OBJECTIVE SIMULATION RESULTS**

35 Performance Indicators are precisely measured, including:

- Execution time
- Maximum load sway
- Number of load/obstacle collisions
- Fatal Error when Load Chart limits are exceeded
A CHOICE OF SIMULATOR CONTROLS

TABLE-TOP MOUNTING
The most cost-effective option featuring industrial-strength controls

KEY BENEFITS:
- Easy to assemble and USB-ready
- Light weight and portable
- Ability to create your own operator chair
- Multi-Purpose Replica Controls joysticks or levers

OPERATOR CHAIR WITH INDUSTRIAL CONTROLS
A superior simulation experience with an authentic operator seat

KEY BENEFITS:
- Fully assembled and USB-ready
- Steel platform on casters
- Adjustable seat and arm consoles
- Multi-Purpose Replica Controls joysticks or levers

DEDICATED OR MULTI-PURPOSE STATIONS
Simlog’s unique Replica Controls can be used with many Personal Simulators, including:
- Tower Crane
- Hydraulic Excavator
- Bulldozer

OPTIONAL SIMULATION MANAGER
Add the efficiency of a central database for keeping track of Simulation Results. A single Simulation Manager is compatible with all Personal Simulators – whether on a single station or networked lab.
- Control user access to all Personal Simulators
- Organize training into learning groups/classes
- Review Simulation Results from an instructor station
- Share Simulation Results with remote locations
